

**Project 1 – Academic Integrity and Intellectual Property Questionnaire**

**IB00398: Introduction to Reinforcement Learning**

**Instructor: Manyou Ma   Due Date: October 15**

**Name:**

**Student Number:**

**Email:**

**Project Title:**

**1. Prior Work Declaration**

Have you used or adapted any part of this project from your previous research, internship, published, or unpublished work?

- ☐ **No**, this project is entirely new and created for this course.
- ☐ **Yes**, please briefly describe the prior work and indicate your contribution:

## 2. Collaboration and Permission Disclosure

If this project is related to ongoing work with others (e.g., your faculty supervisor or research collaborators):

- Has each collaborator been informed and agreed to your using the related work for this course?

☐ Yes    ☐ No (You must discuss with the instructor before submission)

- If **Yes**, please attach a short written confirmation (email or signed note) from your collaborator(s). This confirmation should explicitly state that they understand the course use is internal, non-public, and they have no claim against the instructor or course.

## 3. Individual Work Declaration

I declare that all work submitted for this course, including reports, code, and analysis, is my **individual work**. Any external code, datasets, or collaborative input will be properly acknowledged. I understand that plagiarism, unauthorized collaboration, or reuse of prior work without explicit permission constitutes a violation of academic integrity.

- ☐ I confirm that all submissions for this course will be my own individual work.

Student Signature: \_\_\_\_\_

Date: \_\_\_\_\_

*Note: This questionnaire is for academic integrity and IP protection. Students are responsible for ensuring that their submitted work does not violate any prior agreements, confidentiality, or intellectual property rights. If unsure, consult the instructor before submission.*
